# Mark-it

## Liquid Marking Dye

Active Constituent: 150g/L RHODAMINE B

• FOR USE WITH PESTICIDES  
AND MARKING FOAM

### 5 LITRES

SST AUSTRALIA PTY LTD, 4/97 Bayfield Road East, Bayswater, Victoria, 3153 Phone: (03) 9720 6306

#### DIRECTIONS FOR USE

**SPRAY MARKING:** Suitable for use with many pesticide spray solutions to enable clear identification of sprayed areas.

**FOAM MARKERS:** Suitable for use with white foam marking solutions where a contrasting colour (pink) is required.

RATE OF APPLICATION		
RATE	VOLUME	CRITICAL COMMENTS
5-10 mL	per 10 Litres of spray solution.	Use higher rate if more intense colour marking is required
50-100 mL	per 100 Litres of spray solution.	
20-30 mL	per 100 Litres of diluted foam marking solution.	Converts white foam to pink for clearer identification on pale surfaces.

**NOT TO BE USED FOR ANY PURPOSE OTHER THAN INDICATED ON THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

#### GENERAL INSTRUCTIONS

A red liquid marking dye to assist in clearer identification of sprayed areas. A simple and cost effective system in most spraying situations to reduce costly problems resulting from overapplication or missed areas untreated. When used as a colouring agent with white foam markers, foam will become pink in colour to allow clearer identification

#### MIXING INSTRUCTIONS

Premix MARK-IT Liquid Marking Dye with water before adding to spray tank or knapsack. Add premix solution to spraytank first and agitate or mix thoroughly before adding any other products. Wash out all spraying equipment thoroughly after use as product residue can cause discolouration of subsequent sprays.

**CAUTION:** Use with some pesticides such as Phenoxys or Glyphosates can cause incompatibilities which could block spray nozzles. In these cases SST Envirodye is preferred.

NRA Approval No. 53962/0501

Batch No:

Date of Manufacture

#### PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

#### STORAGE AND DISPOSAL

Keep out of reach of children.

Store in closed, original container in a well ventilated area, as cool as possible. Triple or, preferably, pressure rinse containers before disposal. Add rinsings to the spray tank or knapsack mix. Do not dispose of undiluted chemicals on site. Break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burnt.

#### SAFETY DIRECTIONS

Do not swallow. Avoid contact with skin and eyes. Wear rubber gloves overalls and goggles or face shield. Wash hands with soap and water after use.

#### FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre (TEL 13 11 26). If skin contact occurs remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. Additional information is listed in the Material Safety Data Sheet.

#### CONDITIONS OF SALE

The use of MARK-IT Liquid Marking Dye being beyond the control of the manufacturer, no warranty expressed or implied is given by SST AUSTRALIA PTY LTD regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with directions or not and SST AUSTRALIA PTY LTD accepts no responsibility for any consequences whatsoever resulting from the use of this product.
